

Julington Creek Elementary

Policy for Meals to Students without Lunch Money

Students who do not have the required payment will be allowed to go into the negative for 2 school lunch meals (\$5.10). The charge will appear as a negative balance on their account.

Due to the large student body attempts are first made by way of placing a stamp just above the wrist when they are getting low of money.

Notices are sent home weekly when there is a negative balance.

If a student account has gone negative more than three times, limits will be automatically placed on the account. Students will not be allowed to purchase any a la carte items.
